Example of Project Development:
First Avenue NE Sidewalks

Planning Process   **Stakeholders Group Potential Input**

Phase II
(Aug. '04 - Dec '05)

Assemble Baseline Policies, Projects and Technical Assumptions

- NACP Policy Direction and Project List
- Adoption and Approval Matrix
- NACP Evaluation (2000)
- Existing Transportation Analysis and Information (Baseline to be updated)

↔ NACP supports location of sidewalk in policies and/or as a specific recommendation

---

Identify Current and Future Needs and Opportunities

↔ Need identified for pedestrian connection between I-5 overcrossing at NE 92nd along 1st Ave NE to the transit center

---

Develop Evaluation Criteria

↔ Adopted criteria could include:
- Pedestrian circulation within the urban center (*yes*)
- Sidewalks on all arterials (*yes*)
- Consistent with NACP (*yes*)
- Consistent with Northgate Comprehensive Plan Matrix (*partially*)
- Consistent with Planning Commission pedestrian and open space plan (*yes*)

Identify Potential Improvements and Prioritize Project/'Program Action List

↔
- Project is recommended in the Planning Commission pedestrian and open space plan and will be carried forward for evaluation
- Project is ranked against other recommended projects

Prepare Environmental Impact Statement on CTIP

Develop Implementation Strategies and Recommendations in Final Report

↔
- Consider phased improvements as part of a mitigation package for future development
- Consider City funding
  - City/Neighborhood Partnerships
  - Capital Improvement Plan
- Seek grant funding
